PROFILE

Computer Science undergraduate at the University of Management and Technology, Lahore, holding a 3.87 CGPA with six of eight semesters completed. Self-taught React.js developer who has independently designed and delivered a live commercial website for a paying client, and has been extending that foundation into Python, machine learning, and full-stack development (Node.js, PHP). Seeking a front-end development role where I can contribute to real products while continuing to grow technically.

EDUCATION

BS Computer Science (BSCS)

2023 – Present

University of Management and Technology (UMT), Lahore

85.7% — 1st Division

Matriculation (Science)

2019

Board of Intermediate & Secondary Education, Lahore

99.5% — 1st Division

PROJECTS & FREELANCE WORK

Business Website — ZB Traders (zbtraders.com)

Freelance

Front-End Developer · Live Client Project

- Designed and developed a complete, fully responsive business website for a live client, from concept through to deployment.
- Built the front end in React.js using a reusable component architecture, React Router for navigation, and modern hooks for state management.
- Implemented a mobile-first layout with HTML5 and CSS3, ensuring consistent performance across desktop, tablet and mobile.
- Handled the full delivery cycle independently: client requirements, UI design, development, testing, deployment and post-launch revisions.
- Learned React.js entirely through self-study — documentation, online courses and hands-on practice — then applied it directly to this paid client project.

CodeAlpha Frontend Development Internship

In Progress

Front-End Development Intern · Remote

- Building a set of front-end projects — an interactive image gallery, a calculator, and a personal portfolio site — using HTML, CSS and JavaScript.
- Focused on responsive layouts, accessibility (keyboard support, focus states), light/dark theming, and clean UI design.

TECHNICAL SKILLS

- Python
- Machine Learning — model basics, data prep, scikit-learn
- React.js — Hooks, Components, Routing
- Node.js — REST APIs, Express basics
- PHP
- JavaScript (ES6+)
- HTML5 & CSS3
- Responsive / Mobile-First Design
- Website Deployment & Hosting
- MS Word, PowerPoint & Excel
- Urdu (Native) · English (Professional)

STRENGTHS & PERSONAL DETAILS

- Strong written and verbal communication
- Effective presentation design and MS Word proficiency
- Event management and team coordination
- Self-motivated and reliable under deadlines
